Can I get support for my business emails along with website maintenance?

Maintenance Packages · https://computancy.co.uk/kb/can-i-get-support-for-my-business-emails-along-with-website-maintenance/

For email hosting, we recommend reliable services such as GSuite or Office 365, which are better suited to meet business email requirements.

To ensure email deliverability, we can configure clients on our Premium Care Plan with an SMTP API via Brevo (previously known as Sendinblue), guaranteeing that all emails originating from your site are delivered to the intended recipients.
