How can I cancel my maintenance services?

Maintenance Packages · https://computancy.co.uk/kb/how-can-i-cancel-my-maintenance-services/

To cancel, just email us anytime. There's an initial 3-month contract that you agree to. After that, it turns into a rolling monthly contract that you can cancel at any time during the month and it won't continue to the next.

If we're hosting your site, you might want to switch to a monthly 'hosting only' plan or if moving away, arrange to have your new web host move your site for you.

We like to keep our customers for a long time, but we understand things can change. We'd be sad to see you go, but we get it.
