What are the FTP hostnames?

FTP · https://computancy.co.uk/kb/what-are-the-ftp-hostnames/

If you wish to access the File Transfer Protocol (FTP) service before you point your DNS to computancy, you can use the hostname of our FTP service directly.

- For Linux and Windows, please use: ftp.yourdomain.com
- For Managed WordPress, please use: **wordpress ftp.yourdomain.com**
