What do I do if I believe a site is in breach of the Acceptable Use Policy / Terms of Service?

Website Problems · https://computancy.co.uk/kb/what-do-i-do-if-i-believe-a-site-is-in-breach-of-the-acceptable-use-policy-terms-of-service/

computancy impose a strict Acceptable Use Policy and Terms of Service which customers must adhere-to. These cover illegal activities, prohibit certain content hosted through us and includes a zero-tolerance spam policy.

A computancy customer breaking these terms and conditions could have our services withdrawn from them, and potentially be reported to the authorities for illegal activity.

If you suspect any computancy customer of abusing our rules, you should report to them to us.
