Which countries do you offer WordPress tech support and maintenance for?

Maintenance Packages · https://computancy.co.uk/kb/which-countries-do-you-offer-wordpress-tech-support-and-maintenance-for/

We primarily focus on the UK market but can support sites in any English-speaking country.

We currently manage websites for clients in Hungary and Germany, as they communicate in English and provide content verbatim, and their WordPress dashboards are in English.

So, we can support you too if you fit this category.
